TECHNICAL COLLEGE

Session abstract: As part of a comprehensive Guided Pathways approach to improving the student experience, Midlands Technical College (MTC) streamlined the curriculum, reorganized academics, and reinvested in the campus environment. To assess the impact of these changes, MTC identified appropriate and applicable KPIs, including assessing student satisfaction each year, and operationalized the KPIs into the student experience. This session will explore how Midlands Technical College closed the loop on the impact of the college's academic restructuring and how tracking student attitudes impacted the culture of change, highlighting how making substantive innovations and improvements can lead to student success and better degree completion.

Assessing Student Satisfaction

RNL has found that Student Satisfaction is positively linked with:

- **Higher Individual Student Retention**
- **Increased Institutional Graduation Rates**
- **Higher Institutional alumni giving**
- **Lower Institutional loan default rates**

DATA COLLECTED HELPS MTC KNOW:

- **What our students think**
- **What they are experiencing**
- **What they think we are doing well**
- **What are their priorities for improvement**

Ruffalo-Noel-Levitz (RNL) Student Satisfaction Survey (SSI)

- *RNL combines MTC's survey results against other institutions results to allow for national comparisons and to calculate statistically significant differences between MTC and national averages on satisfaction means only.*
- *The survey asks respondents to rate the importance and satisfaction of each item on a scale. This allows RNL to identify areas of strengths and challenges.*

Strength – An item needs to be in both the top half of importance and upper quartile of satisfaction

Challenge – An item needs to be in the top half of importance and the bottom quartile of satisfaction or upper quartile of the performance gap

Ruffalo-Noel-Levitz (RNL) Student Satisfaction Survey (SSI)

- **Teaching – 17 Questions*
 - **Campus Environment – 41 Questions*
 - **Student Support – 22 Questions*
 - **Diversity, Equity and Inclusion – 14 Questions*
 - *Advising – 11 Questions*
-
- Fall 2022 was the first year CCE students were included
 - MTC further adapted the RNL questions to mirror the current MTC strategic plan.
